A BRAND OF VICTORINOX

Celebrating 20 Years...and Counting

Twenty years ago, we introduced our signature paper composite material to the housewares industry after using that same material to build custom-made municipal skate parks. We never guessed that one business would lead to creating another in a completely different industry.

We're so proud to be a USA manufacturer celebrating 20 years of bringing functional and thoughtfully designed cutting boards and kitchen utensils to kitchens around the world. Our signature paper composite material is Made in the USA, holds sustainable Forest Stewardship Council (FSC) Certification, and food-safety certifications including NSF Certification, which guarantees products to be easily cleaned and safe for food contact.

Our products withstand the test of time for durability, high manufacturing standards, and transparent third-party certifications.

We also celebrate working with partners like you. Thank you for your expertise, for your dedication, and for your patronage to the Epicurean brand and products.

You've helped Epicurean bring smart, heartfelt designs with the right material to the heart of kitchens worldwide in a sustainable way. The future is looking bright.

THANK YOU so much for being part of the ride.

epicurean
A BRAND OF VICTORINOX

Epicurean's Paper Composite Features Include

Dishwasher Safe

Save time and effort by washing and sanitizing Epicurean cutting boards and kitchen tools in the dishwasher. For decades, restaurants and home chefs have used this durable material in home and commercial dishwashers.

Knife Safe

Sharp knives make food prep safer, faster, and easier. Epicurean boards will help keep knives sharper longer. Expect your kitchen knives to lightly score your Epicurean cutting board—this shows the board is protecting the knives' edges.

USA Manufactured

Take pride knowing Epicurean products help support a commitment to sustainable manufacturing and ethical work environments. Our high-quality products are designed in the USA and Made in the USA of U.S. and Imported Parts.

NSF Certified

NSF guarantees products to be easily cleaned and safe for food contact. NSF is the organization that tests products to verify they meet public health and safety standards. NSF Certified products are marked accordingly.

Maintenance Free

Epicurean products made from paper composite have the look and feel of wood but do not require any of the typical wood board maintenance.

Lifetime Warranty*

Your Epicurean product is made to meet your complete satisfaction. Your product is warranted to be free from defects in material and workmanship for the lifetime of the product.

**This warranty does not cover normal wear and tear, misuse or failure to follow care instructions.*

The best features of our most popular boards were combined into the Epicurean All-in-One Cutting Board Series. Utilize both sides of the board; use the juice groove side to catch excess liquids or flip the board over if you need even more space. The four non-slip silicone feet keep the board secure either way. These thin and lightweight boards are available in five sizes and three colors.

Chef Series

Epicurean's Chef Series Cutting Board offers a refined form and thicker profile, while keeping the same unmatched durability and beauty Epicurean cutting boards are known for. The juice groove around the perimeter on these oversized boards captures liquid and the opposite cutting surface side provides even more prep space. A natural/slate color combination and modern profile may entice you to have this cutting board live on the countertop, long after the dishes are washed.

Kitchen Utensils

Epicurean quality is what sets our tools apart from the ordinary. Our Kitchen utensils look and feel like traditional wooden utensils, but they won't fade, crack, stain, or split. Gentle on pans, they won't scratch non-stick surfaces, are easy to clean, and are dishwasher safe. Our wide range of everyday and specialty kitchen utensils are an essential part of the well-stocked kitchen.

Introducing the *NEW* Countertop Collection

Introducing Epicurean's Countertop Collection! 2023 marks our 20th year of business, and we've gone beyond cutting boards and kitchen utensils to thoughtfully create a collection of durable, functional items intended to live on the kitchen countertop or in any other room.

NEW Banana Holder

Elevate your banana game with the Epicurean Banana Holder. Hanging banana bunches separate from other fruits helps keep the bananas from ripening prematurely and bruising, making this a practical addition to the kitchen. The Banana Holder combines simple design with a sturdy build, which includes a renewable cork bottom layer to prevent it from sliding.

COLOR	SIZE	PROFILE	SKU	UPC	CASE PACK
Slate	6.5″ × 6.5″	12″	031-HANGER02	844809016790	2

- HOLDS A SINGLE BUNCH OF BANANAS
- SOLID BASE
- MADE IN THE USA OF U.S. AND IMPORTED PARTS

NEW Paper Towel Holder

Clean-up is easy with the Epicurean Paper Towel Holder. Squeeze paper towels over the top to have a mobile holder that can be within reach. The Paper Towel Holder combines simple design with a sturdy build, which includes a renewable cork bottom layer to prevent it from sliding.

COLOR	SIZE	PROFILE	SKU	UPC	CASE PACK
Slate	6.5″ × 6.5″	13.25″	031-TOWEL02	844809017063	2

- KEEPS THE PAPER TOWEL ROLL VERTICAL
- SOLID BASE
- MADE IN THE USA OF U.S. AND IMPORTED PARTS

NEW Salt Cellar

Epicurean's Salt Cellar easily stores a favorite salt or seasoning and can shift from a cupboard to the kitchen table with ease. A refined design in Epicurean's slate color allows the potential to use the cellar outside of the kitchen; store small favorites on a dresser, a vanity, or anywhere. A square 4″ x 4″ x 1.5″ base with a slightly overhanging light lid makes the Salt Cellar a perfect not-too-small and not-too-big size.

COLOR	SIZE	PROFILE	SKU	UPC	CASE PACK
Slate	4.125″ × 4.125″	1.5″	031-040402	844809019661	2

- FOR SALT, SPICES, OR MORE

NEW Collapsible Handy Bowls

Epicurean's Collapsible Handy Bowl is the versatile bowl to love for so many reasons. Available in two sizes in Epicurean's subtle slate color, it easily assembles to store fruit, vegetables, bread—wherever the week's grocery run took you. When the apples are gone, the bowl disassembles for convenient storage until the next trip. Or, take the bowl outside the kitchen to be a functional and unique décor piece. Made in the USA and conveniently dishwasher safe.

Custom Capabilites

As a U.S.A. manufacturer, Epicurean is agile and able to work with customers on tailor-made orders. We have the capacity to produce custom-shaped cutting boards and laser engrave logos or images onto our existing products.

We also offer custom fabrication of OEM and specialty cutting boards, serving trays, product displays or any other paper composite product you need.

Whether it is something unique to your store, region or a specific customer, we will meet your needs with less lead time and lower minimum order requirements than you might expect.

Ask your sales representative for more details on pricing and specifications.

Custom Laser Engraving

Epicurean offers you a way to literally make your mark on our products. We can engrave any logo, text, mark or line art onto any of our inline items.

Custom Boards And Shapes

Are you looking for something unique? Maybe just a little different? Something off-menu, so to speak? We can help. Our team of designers, programmers and CNC operators will work to bring your idea to life.

Custom Etching

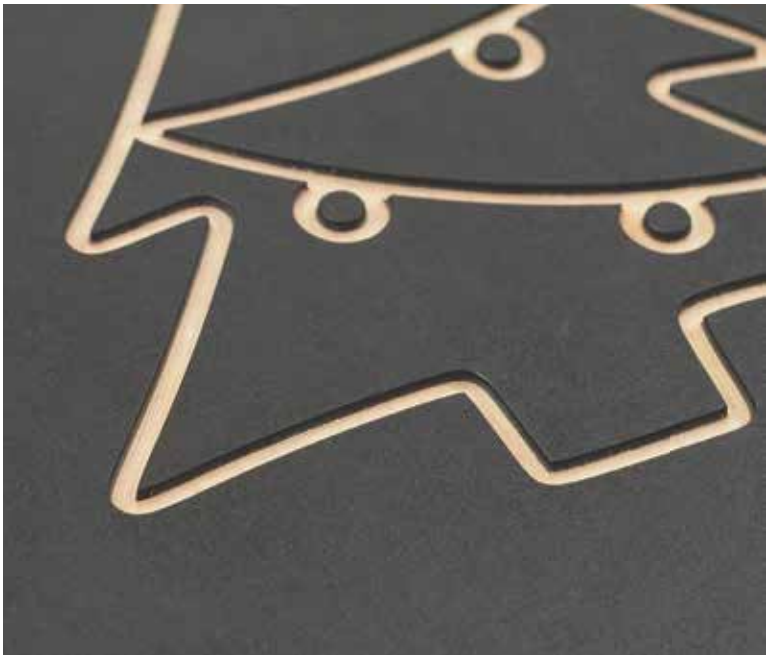

Sometimes a laser engraving isn't enough. We can route lines, shapes, and other designs into your product to create features with more depth and texture than you get from laser engraving.
